16/02854/TPO – 20 October 2016 - Officer: A Maskill

Tree Works: felling of Cypress tree no. 12858 (TPO HDC 1075-2001) and two-yearly pruning of Field Maple tree no. 12855 and Cherry tree no. 12854. Following receipt of consent to fell Cypress tree no. 12859 (16/01327/TPO), we would like to apply for further works to the other 3 TPO trees in our rear garden. Cypress tree no. 12858 - we wish to fell this tree for the same reasons as we wished to fell tree no. 12859, in that it is of no amenity value, it is in poor condition and it grows into our shed and blocks light to the surrounding/underlying plants. We do not believe that the tree has any amenity value to our neighbours given the presence of the Field Maple (tree no. 12855) directly next to tree no. 12858 and the presence of the badger run (containing many large trees) running along the back of our properties. We believe that felling

this tree will enable the Field Maple to grow into a better shape on that side (its growth on that side is currently restricted by the presence of tree no. 12858). In the place of the tree felled we would plant suitable low level plants to make an attractive border. Field Maple tree no. 12855 and Cherry tree no. 12854 - we wish to apply to undertake pruning of these trees to prevent them becoming overgrown and keep them in proportion to the size of the garden. We would like to reduce the Field Maple (tree no. 12855) down to 1 metre below the previous cut points and shaped, and to reduce the Cherry tree (no. 12854) by 3 metres on the top and by 2 metres off the sides. This pruning would give the trees a good shape and allow more light to get to understorey plants. It will also allow more sunlight into our garden generally, significantly increasing our enjoyment of the garden given its north facing aspect (and therefore limited sunlight in any event). We request permission to prune these trees back to these points every 2 years.
